Pre - Conference Presentation Descriptions

Friday, January 29: 8:30 a.m. -5:30 p.m.

PEDIATRICS – PC1

Care of the Pediatric patient: Presented by Marilyn Bourn, Colleen Cox & Anna Mazon

Pediatric calls are often stressful, this class will cover an assortment of real life pediatric situations. How to provide a practical approach to assessment, identify critical patient and develop a treatment plan that allows the provider to make a difference in the patient's outcome.

MEDICAL– PC2

ALS for the BLS Provider (morning session): Presented by Mark Warth

Many times First Responders and EMT Basics are placed in positions that require them to assist Advanced Life Support (ALS) providers, but the necessary tasks are not part of their initial First Responder or EMT Training. The ALS or BLS hands on Workshop was developed to provide 1st responders and EMT basics with knowledge base that will not only make them feel more comfortable in the ALS setting, but also allow them to become primary participants in the care of an ALS patient.

From Bad to Worse (afternoon session): Presented by Mark Warth

What do you do when it seems like a straight forward, easy to handle trauma call and the patient continues to deteriorate. This presentation will cover assessment findings and interventions to provide for the simple trauma situation that can and probably will go bad.

MEDICAL – PC3

Management of The Medical Patient: Presented by Twink Dalton & Fidel O. Garcia

Taking care of the medical patient is always a challenge. This presentation will break down the medical assessment, A&P, pathophysiology and treatment approach to allow for the best care of the patient.

FIRE – PC4

Forcible Entrance & Forcible Exit: Presented by Nate McCullough & Brent Culver

Thinking outside the box for entry and exit from hazardous situations. The class will involve a classroom session in the morning and hands on skills in the afternoon. The class will include "The Denver Drill", participants are encouraged to bring their PPE and SCBA if possible for the skills session.

NATIONAL REGISTRY – PC5

National Registry Practical: Presented by John Hall

You are **REQUIRED** to sign up for this class prior to the conference and have registration information submitted by **January 9, 2010**. This practical exam will meet the requirements for your National Registry Certification. Maximum class size is 16 attendees. For more information on the National Registry Certification, [visit www.nremt.org](http://www.nremt.org)

Conference Presentation Descriptions

Friday, January 29: 7:00 p.m. – 9:00 p.m.

Opening Ceremony

OB/GYN: - C1

Dealing With Critical OB Situations: Presented by Marilyn Bourn

Third trimester complications may have detrimental effects on both the mother and the baby. This presentation will cover recognition of these situations and what the provider needs to do to improve outcomes for all patients involved.

Saturday, January 30: 8:30 a.m. – 9:45 a.m.

Keynote

If Life Is Worth Saving, It Must Be Worth Living: Presented by Steve Berry-C2

Humor is a gift we are born with and, used positively, is a source of major stress reduction, but it must be nurtured and often times relearned for those working in emergency health care. Our profession attracts some of the most dedicated and compassionate people. So much so that they often neglect their own needs. Join Steve as he combines his EMS and cartooning backgrounds to speak the message of health and humor.

Saturday, January 30: 9:45 a.m. – 10:15 a.m.- VENDOR HALL OPEN

Saturday, January 30: 10:15 a.m. – 11:45 a.m.

MEDICAL – C3

Non Cardiac Chest Pain: Presented by Alice “Twink” Dalton

Chest pain can be caused by a number of situations. This presentation will cover non-cardiac cases, how to identify them and interventions to improve patient outcomes.

TRAUMA – C4

Farm Emergencies: Presented by Fidel Garcia

Using case presentations we will look at different types of farm emergencies that may be encountered in the pre-hospital setting. We will discuss specific problems and develop treatment plans for the patient of a farm incident.

FIRE – C5

The Burned Fire Fighter: Presented by Marilyn Bourn

What do you do when one of your crew members is injured during a fire? This presentation will cover what you need to know and how you proceed when a crew member has been burned.

MISCELLANEOUS – C6

Legal Highs: Presented by Dennis Edgerly

Not cocaine, not LSD, this stuff is legal to possess, but people are using it to get high. This class will discuss some of these substances, to include gasoline, aerosols and others. What to look for and then what to do will be discussed.

PEDIATRIC-C7 Pediatrics Respiratory Emergencies: Presented by Dr. Karrin Mezarina

One of the leading causes of death in pediatric patients is respiratory emergencies. Cases will be used to demonstrate how to assess and treat the patient who is in impending respiratory failure.

Lunch Buffet Begins at 11:45 a.m.

Saturday, January 30: 12:00 p.m.– 1:15 p.m. (Lunch Presentation)

ELECTIVE-C8

Honor Flight: Presented by Don Bonenberger –

A tribute to these great men and women who served their country.

Saturday, January 30: 1:30 p.m.– 3:00 p.m.

SKILLS- C9

EMS Olympics: Presented by Fidel Garcia (Session One)

On your mark, get set, GO!!!! You are on a course that is designed to evaluate your skills at the basic, intermediate and paramedic level while racing against the clock. Each team will go through a series of practical stations. Let's get together for a session of fun and education.

MEDICAL-C10

Cardiac Resuscitation: Presented by Mark Warth

Are you good enough to save a virtual patient? Using active team participation play a fun and exciting EMS challenge video game.

PREPARATORY-C11 What We Have Here Is A Failure To Communicate: Presented by Steve Berry

Communication is a difficult skill that we all attempt to master during our career. However, communicating with special needs groups of people complicates the process even more. Learn how to communicate with the deaf patient in ways you never thought possible.

TRAUMA-C12 Trauma Cases That Make You Cringe: Presented by Dr. Dave Gilmore

Trauma cases are always stimulating and sometimes challenging. Cases will be used to help the provider enhance their assessment and treatment plan for the injured patient.

Saturday, January 30: 3:00 p.m.– 3:30 p.m.- VENDOR HALL OPEN

Saturday, January 30: 3:30 p.m.– 5:00 p.m.

SKILLS- C13

EMS Olympics: Presented by Fidel Garcia (Session One)

On your mark, get set, GO!!!! You are on a course that is designed to evaluate your skills at the basic, intermediate and paramedic level while racing against the clock. Each team will go through a series of practical stations. Lets get together for a session of fun and education.
